
description of the services available daily to students in the dining facilities. Students with documented disabilities who believe that eating in the _____ is not viable due to medically necessitated dietary requirements may request a meal plan accommodation by following the procedure below. The submission of the Dining Accommodation Request Form and supporting documentation does not guarantee a specific request will be granted, but rather, will assist in evaluating accommodations.

Procedures for Requesting Meal Plan Accommodations:

Students are required to:

- Meet with the Accommodations and Accessibility Counselor to discuss the accommodation request process, their dietary needs, and possible options.
- Meet with Aramark management staff to discuss dining options (depending on the request).
- Complete and submit a Dining Accommodation Request Form.
- Have the Dining Accommodation Documentation Form completed by their licensed/qualified medical provider
- Ensure that provider documentation is submitted to the Accommodations and Accessibility Counselor. Please note that OAAS
