Reports

Mary Alltop

Vice Chancellor Walthers presented at Tuesday's ACCE meeting SB 480 did not get brought before the Senate. However, those practices that do not need legislative approval, such as Human Resources self-auditing, are being looked at anyway.

A list of schools that are or are not fully funded and which schools are getting step increases was discussed.

Chancellor Noland encouraged schools to find the money for step increases. Stimulus money ends in 2012.

Ann Reed

Professional Development-no change \$0.00

Jason Phares is to bring concerns to the Board of Governors about the Proposed Drug and Alcohol Policy.

New Business

The Classified Staff Council currently has its bank accounts at The State Credit Union. The idea of moving those accounts to a local branch was brought forward. Ann Reed asked the Council if they had any preference in the two options. When no preference was voiced, she checked with Calhoun. Calhoun Bank will give Staff Council a free account with no minimum balance and free checks. A motion to move the Classified Staff Council general account and the Ginny Grottendieck Scholarship account to Calhoun Bank was made by Gail Westbrook and seconded by Sheri Skidmore. The motion was approved unanimously.

Next month is our annual breakfast meeting. Deb Jenkins agreed to set that up with Aramark.

Sheri Skidmore's Star12 membership is up for renewal and has been offered a platinum membership for the price of the gold membership. The cost is \$299.00 for a one-year membership. She indicated that she will take advantage of this offer.

Motion to adjourn was made by Carla Conley and seconded by Ann Reed.

Meeting adjourned at 10:10 a.m.
